

Notice of Change

Graduate School Entrance Examinations in August 2020

Due to the outbreak of the COVID-19, we have decided to make the following changes to the entrance examinations for August admission to the Graduate School of Biomedical Engineering, Tohoku University.

Applicable programs:

- **Master's Program** [Regular Selection Program]
 - **Master's Program** [Special Selection Program for Working Adults]
 - **Master's Program** [Special Selection Program for Foreign Students]
 - **Master's Program** [Special Selection Program for Early Graduate Students]
 - **Doctoral Program** [Program for Students Advancing from Master's Program of this Graduate School]
 - **Doctoral Program** [Regular Program for Incoming Students from Other Schools]
 - **Doctoral Program** [Special Selection Program for Working Adults]
 - **Doctoral Program** [Special Selection Program for Foreign Students]
-
- The examination will be conducted at the locations as described in the application guidelines. Depending on the situation ahead, we may change the locations of entrance examinations to outside of the School in Tohoku University as needed. In this case, each Department office will notify the changes to all applicants. In any case, we will pay maximum consideration to avoid poor ventilation and close-contact settings in the examination sites.
 - According to the changes in admission requirements of English certificates and to prevent the spread of infection, the examination subjects and schedule of each Department are changed. For details, please refer to the appendix of the application guideline.
 - If the situation of COVID-19 infection gets aggravated, we may conduct the entrance examination via online. In this case, each Department office will notify the changes to all applicants.
